

To whom it may concern,

The purpose of this letter is to wholeheartedly recommend the services of Kingswood Builders and Mr. Sean Linskey. Kingswood Builders handled all aspects of the addition/renovation of our 1920's English Cottage-style home in Gladwyne, PA. The project included the complete removal and reconstruction of the second level of our home, the renovation of several rooms on the first level and the installation of new heating, central A/C, electrical service, etc. The project was handled professionally and was completely on-budget. In addition, the work was completed two weeks ahead of schedule.

Sean was personally involved, "hands-on", in most aspects of the project and he managed his subcontractors well. He was very easy to get in touch with at all times during the job and responded quickly to any concerns we had throughout construction. His suggestions regarding certain design elements were also helpful.

Sincerely,  
Paul and Cynthia Conners
